

**How do I reduce injuries
in the workplace and
decrease labour costs?**

**Use the new Up-Down
system to change POS
from floor level !**

UP & DOWN POP

1 minute is just o.k for installation !!

- 1 Change Ceiling banners in 1 minute.
- 2 Display banners at the fixed eye catching height.
- 3 Reduce Labour costs.
- 4 Decrease injuries at workplace.
- 5 Increase marketing opportunities.
- 6 Easily hang from tile ceiling or warehouse ceiling without special tools.

5 Meters long retractable cords!

Max 5m

- Display highly visible banners from open ceiling without the expense of lifts or the liability of a ladder!
- The UP & DOWN POP is a permanent display solution used to facilitate safe and quick banner changes an open or drop ceiling environment.
- For questions on installtion or function please feel free to contact to me!
- Once Installed, simply use the retract pole pull the banner display down to a stopped position.
- Remove the old banner and pull. And then return the banner back to the desires height.
